

LifeBridge Community Services Senior Cafés offer nutritious and well-balanced meals at fourteen sites throughout the Greater New Haven area. Menus are planned for optimal flavor, appearance and variety and are certified by a registered dietician as meeting one third of the daily recommended allowance for good health. The sites are operated Monday through Friday and lunch is served between 11:00 and 12:00 at most sites. Participants must register for the program and are asked to make a reservation at the site the day before intended participation. Interested individuals are encouraged to call the site managers as listed below. Anonymous donations are accepted at all locations. We suggest \$3.00 per meal but participants may donate whatever they can afford. Participants must be 60 years of age.
